## Potty Training Confirmation Policy

**“Kidz Choice Preschool Potty Training Policy states that children must be toilet trained before entering preschool. However, children can have the occasional accident but accidents on an ongoing basis will be treated as not toilet trained.”**

I \_\_\_\_\_ confirm that my child is potty trained or in the  
*name*  
process of being potty trained. I understand that I (parent or guardian) will need to be available if my child has a bowel movement in class. I (parent or guardian) will be called to come (within 15 minutes of the phone call) and change my child. Within 3 months of starting preschool, or sooner, my child will no longer have a need to wear pull-ups.
